

Waiver of Fundraising Responsibility in relation to Race Participation.

I understand that each swimmer is required to raise a minimum of \$500 for Colin's Hope as part of the 2017 Colin's Hope Got2Swim 10K.

I understand that If my team does not meet the required \$500 per swimmer pledge-raising minimum within 2 weeks of the event completion (October 8, 2017) that I am personally responsible for paying any remaining dollar amount.

I understand that I must attend the mandatory safety briefing just prior to prior to the swim event start.

Each swimmer is required to have a kayak water guardian and relay teams must serve as the kayak water guardian for each other when it is not their turn to swim. Tandem kayaks are required for 3-person relays.

The kayak Water Guardians are REQUIRED to wear a fastened U.S Coast Guard approved life jacket at all times when in the boat.

It is also strongly recommended that all swimmers purchase a Colin's Hope Safer Swimmer buoy/training device. This adds to visibility and safety when training in open water where there is boat traffic. These can be purchased at www.colinshope.org
